FEATURES

7 Labour's Lost Millions • Eric Hobsbawm

Labour was trounced in June. It could be marginalised over the next decade — or sooner. So what do we do about it?

14 Feminism is Dead? Long Live Feminism • Tricia Davis

The Tories have a far more subtle position on women than is generally recognised. They have been forced to acknowledge the strength of feminism. So why is the Left retreating from it?

19 Interview with David Yip, the Chinese Detective

David Yip, the star of *The Chinese Detective*, looks at the series and the problems confronting the ethnic minorities on the screen and in society.

24 The Popular Front Revisited • Dave Priscott

The Left has underestimated the strength and threat of Thatcherism. The experience of the 30s serves as both a warning and a guide.

32 Privatising Pleasure — the Communications Revolution • Peter Golding and Graham Murdock

A revolution is being wrought in the communications industries, yet the Left is hardly aware of its existence, let alone what to do about it.
